School Psychologist

**Function-Based Support: Using Functional Behavior Assessments to
Write Effective Behavior Support Plans**

This workshop will review the Functional Behavior Assessment (FBA) process and discuss the translation of the FBA into a Behavior Support Plan (BSP). Through discussion and activities, participants at the conclusion of this workshop should be able to:

- Utilize data collection forms
- Identify two functions of behavior
- Develop a hypothesis summary statement
- Develop a Behavior Support Plan informed by the FBA, congruent with Federal and State Mandates

Wednesday, March 24th 2010
